SHE'S NOT SEVENTYTWO—Black cats are just friends of Patricia Schmidt in her cell in Cuba. She is on trial for fatal shooting of John Lester Moe, Chicago, aboard his yacht at Havana, Cuba.

MAKING FRIENDS—THE EASY WAY—Patricia Ann Renshaw, 15-month-old Ottawa youngster, looks a bit dubious about the whole thing, but "Little Joe" soon made friends, brought child paper, string to play with.

CANADA TO SEND MENK COAT, CHEST OF SILVER AT WEDDING—Princess Elizabeth, (left), will be a bride on Nov. 20. Her wedding gift will be a menk coat and chest of antique silver, Prince Minister King announced.

BOMB-DAMAGED BATHING PALACE is being restored to something like its former splendor for the marriage of Princess Elizabeth on Nov. 20. Interiors are being reconstructed and the facade repaired. Workmen are rebuilding famous balcony. Balmorhall has been removed and steel girders over ornamental arch can be seen.

HEAD-ON COLLISION, BUT TRAIN CREWS ESCAPE INJURY—Train crews escaped without injury when two C.P.R. trains collided head-on near Mattar, Ont., about 40 miles from Sudbury. Railway officials said the northbound train was carrying coal from Britt and the other was a work train running as an extra. Seven cars were derailed and both locomotives were damaged, one badly, when they slipped.

COMPANION—A crime now touring Canada has tripled last case as a nervous attraction. Here is seven-year-old Carol Campbell of Toronto taking one of the cubes out for an airing.

ARAB WORLD PREPARES TO ACT ON PALESTINE PARTITION—Ready to invade if Britain withdraws and Jews "lift a finger", troops of five Arab nations, Syria, Lebanon, Transjordan, Saudi Arabia, Egypt, are reported converging on Palestine. Other Arab nations with armies which bring total forces to 250,000 men, are Yemen, Iraq. This is cavalry unit of Egyptian forces said preparing to move into Sinai desert.

CASE DISMISSED AGAINST BOYS ENTERING "LOCKED" PLAYGROUND—Parents and children at Hamilton, Ont., have juvenile court after charges of trespass on a city playground "officially closed" were dismissed. Older boys in senior cohort had charge dismissed. Looking through chained gate at Hamilton playground is one of the boys who holds his football. Court said children could play in the grounds if they get the key.

HAPPY LANDING—Thrilling short of first, Katherine "Dolly" Pyper, 12, of Barrie, set her plane down in a forced landing with no damage other than a cracked propeller. She was on a cross-country flight and said she couldn't find a field, running in the right direction and had to land in a corn field.

RECEIVES MEDAL—A well deserved honor came to a little known public official when Dr. C. A. Mitchell, Dominion Animal Pathologist, (left), received the Medal of Freedom from the United States at the hands of Hon. Ray Atkinson, (right), recently at Ottawa. Citation mentions that Dr. Mitchell rendered outstanding meritorious service of the just U.S. Canadian commission from 1942 to 1945. The Medal of Freedom is a U.S. decoration which ranks with their Legion of Merit, but is given only to civilians.

CHRISTMAS NEW SHIP AT ESQUIMAULT—Mrs. Lionel Chevier, wife of Canada's minister of transport, christens the C.N. steamship Prince George, first passenger ship built in Canada in 25 years, at Esquimault.

APPEALS CONVICTION—Notice of appeal against a conviction and \$25 fine for stealing a block of ice has been filed by Melville Eyles of Kirkland Lake, Ont. His appeal says "the presiding magistrate took a personal prejudice against the accused when he saw giving him evidence and repudiated him for laughing when, as a matter of fact, the profile of the accused is such that he appears to have a continuous grin on his face that cannot be helped."

MONTREAL YOUTH DIES IN FREAK ACCIDENT—Standing on a mooring post at Orsvald when a ship was being snubbed, Fred Weeks of Montreal fell into space under foundation, hit by a crane, and was killed when it fell back. Victim of freak accident, Fred Weeks, 17, is pictured with a friend.

DIPHTHERIA QUARANTINE IS LIFTED IN JAMES BAY AREA—An outbreak of diphtheria at Moose Factory, Ont., resulted in quarantine, but did not stop U.S. and Canadian visitors from arriving in droves for moose hunting. The quarantine has been lifted. A Government physician for eight years at Moose Factory, Dr. T. J. Oxford, shows here with wife and children, Jack, nine, and Elizabeth, six, left two days before quarantine, but offered to return if needed to help battle dread outbreak which is abating now.

"LIFE-SAVERS"—Thirty lives with his home-made iron lung and emergency lung equipment, has not brought Robert Holmes, of Montreal, millions, but it has saved the lives of many grateful persons. By revolutionizing respiratory equipment 29 years ago, Holmes has prolonged the lives of over 9,000 and accident victims.
